

Dr. Miles' Nervine Victorious.

Physical and Mental Exhaustion Give Way to Vigorous Activity.

REV. W. T. BOUCK, the talented pastor of Grace U. B. church, Carlisle, Penn., writes September 28, 1895: "I always enjoyed good health until in 1892, at which time my duties as a clergyman were of a peculiarly trying nature, subjecting me to several severe nervous shocks which together with overwork and anxiety, impaired my general health and nervous system. Indeed I was in such a condition that the mere sight of a large congregation so wearied me that it would require a day or more for me to recover from the exhaustion. It afforded me great pleasure to say that Dr. Miles' Restorative Nervine and Restorative Tonic have done me untold good. I preached three times yesterday and I feel as fresh and vigorous this Monday morning as I ever felt in my life, thanks to your remedies. Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nervousness free to all applicants. DR. Entered at the Seymour, Indiana, Postoffice as Second-class Matter.

Weyler telegraphs that Cuba has been pacified, but at the same time he asks for more money to carry on the war.

A beet sugar company has been organized in Colorado which will embark in the business on a larger scale than ever attempted. A few such companies will soon put beet sugar culture on a permanent basis.

It seems evident that the plan of the administration at Washington is to press to a completion the work on the tariff before taking up other matters. The people will approve the policy that will give us settled conditions for business at the very earliest opportunity.

HARMONY seems to be unknown word among the democrats of Kentucky in their convention at Frankfort. The silver men insist that no man is a democrat who did not swallow Bryan and his free silverism in the last campaign, even though he can show a record of many years faithful service in the party ranks.

It looks like prosperity had struck Kansas pretty hard if we rely on the statement of a paper published at McPherson in that state. It says: Real estate agents report a large number of sales for cash in full and people going on to their places without a dollar's indebtedness, and other sales in which so much of the purchase price is paid down that no danger of foreclosure is anticipated. The register of deeds reports that there are two releases to one new mortgage and that the ratio of mortgages is becoming less. The clerk of the district court says that the day of foreclosure on property is about over, and farm owners are rapidly getting out of debt.

The withdrawal of Marcus R. Sulzer from the race for the republican congressional nomination leaves the field for a new candidate. There are several men who are talked of to make the contest. Among these are Rev. Charles Lee, of Vevay, W. H. Cobb, of Aurora, W. W. Lampert, of Columbus, Judge Friendly, of Madison, George Roberts, of Lawrenceburg, Dodel McCallum, of Batesville, and Z. T. Sweeney, of Columbus. There will probably be others soon as the date for the nomination is fixed.

Suit for Commission.

On Tuesday in the Bartholomew circuit court at Columbus, the suit of C. A. Saltmarsh against John Hand and Sarah E. Hand of Jonesville, for \$200 commission on the sale of a farm in Jennings county was tried. Yesterday the case was arraigned before the jury and a verdict of \$100 rendered in favor of the plaintiff. Eleven of the jurors were in favor of the full \$200, but the one juror held the jury five hours. This juror had been objected to and set aside by the plaintiff's counsel, Judge Marshall Hacker, in an election bribery case which was tried preceding that of Mr. Saltmarsh.

The band street concert has been changed from Saturday night to Thursday night. Their music will be heard this evening.

AN UNKNOWN MAN.

HIS MANGLED REMAINS FOUND ON THEB. & O. S. W. TRACK.

An L. & N. Switch Key Found in His Pocket—Nothing to Identify Him.

About daybreak this morning as Frank Day, the engineer on the section of No. 51, was about a mile east of the city he discovered in the early gray dawn the body of a man lying on the railroad track just ahead of his engine. Before he could stop, his train struck the body and passed over it, mangling it horribly. The remains were brought to the city and cared for at Husted's morgue, awaiting the coroner's inquest.

There were no papers nor anything in the pockets or about the clothing to establish the man's identity. The only thing in his pockets was an L. & N. switch key which leads some to suppose that he was a railroad man.

How he was killed is a mystery. Some suppose that he may have been killed by No. 6 which went east about a half hour before his body was discovered on the track.

Is it "overwork" that has filled this country with nervous dyspeptics—that takes the flesh off their bones, the vitality from their blood, and makes them feeble, emaciated and inefficient? No. It is bad cooking, overeating of indigestible stuff, and other health destroying habits.

The remedy is an artificially digested food such as the Shaker Digestive Cordial. Instead of irritating the already inflamed stomach the Cordial gives it a change to rest by nourishing the system itself and digesting other food taken with it. So flesh and strength return. Is not the idea rational? The Cordial is palatable and relieves immediately. No money risked to decide on its value. A 10 cent trial bottle does that.

Laxol is the best medicine for children. Doctors recommend it in place of castor oil.

FARMERS' INSTITUTE.

This Year's Session May Be Held in Seymour.

D. M. Lett, of Crothersville, is in the city in the interest of the farmers' institute to be held next December. The institute which has always been at Brownstown may be held in Seymour this year. What they ask is that a hall be furnished in which to hold the meetings. Two prominent speakers on agricultural subjects will be present. Local talent will supply the other parts of the program. The meeting properly advertised would bring a large number of farmers to the city from all parts of the county.

Christian Church Revival.

Subject for this evening: "Our need of a Saviour." All are cordially invited.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggist, 75c. all Family Pills are the best.

HIS NAME IS GRIFFITHS.

FOURTEEN BALLOTS NECESSARY TO
DECIDE THE STRUGGLE.

Full Report of the Democrat Convention
at Columbus To-Day.

GRIFFITHS NOMINATED.

Special to the REPUBLICAN.
Columbus June 3 (3:48 p. m.) F. M.
Griffiths is nominated on the fourteen
ballot.

PRELIMINARY OBSERVATIONS.

Candidates, Delegates and Pushers at Co-
lumbus to Make a Congressional
Candidate.

Special to the REPUBLICAN.

COLUMBUS, Ind., June 3, (8:30 a. m.)—
The preliminary skirmishes of the dem-
ocratic congressional convention are
indeed interesting to an observer. Sev-
eral of the delegations came in last
night, and the remainder will be in on
the morning trains. The people of
Columbus are doing their part hand-
somerly by the visitors and were about
the lobby of the Belvedere hotel last
night in large numbers.

The candidates who have opened
headquarters at the Belvedere and are
James Applewhite, of Jackson
county, Dr. K. D. Hawley, of Bartholomew,
Nicholas Cornett, of Ripley, ex-
Senator F. M. Griffith, of Switzerland,
John Overmyer, is at the convention
headquarters last night but was not
mingle among the delegates very
much, nor was he very communicative.
He went to his room early closed the
door with a few friends with whom it
is supposed he confided his hope of cap-
turing the convention if an opportunity
should be offered. Allen W. Clark and
Cortez Ewing were conspicuous in the
lobby. Both would like to be con-
gressmen. Jason Brown has been here
since yesterday morning and is right
in the push.

All yesterday afternoon and evening
there was contention about the tem-
porary organization. The friends of the
several candidates were suspicious of
each other. They were afraid the tem-
porary organization might be used to
the advantage of some one and to the
disadvantage of all others. Seems
queer that democrats should so mis-
trust their brethren.

It is quite evident that F. M. Griffith,
of Vevay, will go into the convention
with decidedly the largest following,
but it is not settled this forenoon that
he can control enough delegates to
land the nomination. Strong efforts
were made last night to combine the
field against him.

Not all the delegates are Simon pure
democrats. One delegate from Jen-
nings county who came in last night
stepped into Mr. Percefield's head-
quarters and shook hands with the
Brown county statesman who remarked:
"You are a delegate from Jennings,
I believe?"

"Yes sir," said the delegate.
"I believe you have no candidate since
Mr. Overmyer's withdrawal."
"No," he said, "we have no candidate
now."

"Well, that being true, I should like
to have your support. How about it?"

"That depends. You see I am a pop-
ulist, and prefer to vote for a populist
candidate."

Mr. Percefield then began talking
to him in a lower tone telling him how
like a populist he was and how he
would prove himself if sent to congress.

CONVENTION ORGANIZED.

Bryan Not Mentioned by the Chairman in
His Speech.

Special to the REPUBLICAN.
COLUMBUS, June 3, (1:05 p. m.)—The
democratic delegates met in Crump's
theatre this morning. The convention
was called to order at 11 o'clock by
chairman Joel H. Matlock. Judge
Francis T. Hord, of Columbus, was made
temporary chairman and John F. Rus-
sell, of Greensburg, temporary secreta-
ry. On motion the temporary officers
were made permanent officers of the
convention.

On taking the chair Judge Hord
spoke for ten minutes on free silver and
tariff for revenue only, but he made no
mention whatever of Bryan, the sup-
posed idol of the free silverites.

The chairman of the delegations then
reported the members of committees:

RESOLUTIONS AND NOMINATIONS.

Special to the REPUBLICAN.
COLUMBUS, June 3, (2:30 p. m.)—Re-
solutions have been adopted by the
convention declaring two things: 1.
Favoring the free and unlimited coinage
of silver. 2. Against a protective tariff.
The resolutions made no mention of
Hon. W. S. Holman, but that will be
reported later.

Nominations were made. Hawley, of
Bartholomew, put in nomination by J.
F. Cox. Percefield, of Brown, nomi-
nated by a farmer, W. A. Williams. Ap-
plewhite, of Jackson, nominated by
Hon. Jason B. Brown in an eloquent
and characteristic speech. Cornett, of
Ripley, named by Robert A. Creigmile
Griffith, of Switzerland, named by J. P.
Carter. Greatest demonstration follows
the announcement of Griffith's name.

SULZER NOT A CANDIDATE.

Writes a Letter to Chairman McNutt With-
drawing from the Race.

MADISON, Ind., June 3.—Hon. Marcus
A. Sulzer published a letter last night
withdrawing from the race for the Re-
publican congressional nomination in
the Fourth district. He says that he is
dependent upon his profession for a
livelihood and does not feel that he can
make the personal sacrifice at this time.

The following is his letter in with-
drawing from the race:

"MADISON, Ind., June 2, 1897.

"Thomas McNutt, Esq., Chairman Re-
publican Committee Jefferson county.

"Dear Sir—I desire, through you, to
inform the members of the district
committee of the Fourth congressional
district of Indiana, that I am not a can-
didate for the republican congressional
nomination. In doing so I want to
thank them and all my friends through-
out the district for the splendid support
given me last November, when through
their efforts the united force of dem-
ocracy and populism were required to
encompass my defeat in a district,
which, theretofore, had been largely
democratic. I have hesitated in mak-
ing this declaration, as I have been
urged by hosts of republicans and dem-
ocrats to make the race, and Messrs.
Montgomery, Lambert and others, who
have been mentioned for the position,
have very kindly tendered me their
support for the nomination, but I am
dependent upon my profession for a
livelihood, and my law practice is such
that it requires my time and attention.
I, therefore, feel that the personal sac-
rifice would be too great for me to make
the race at the present time.

"There is no reason why the splendid
organization we had last year should
not again exert its power in the special
election, and the same force and effort
can bring success. Yours truly,
M. R. SULZER."

John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

WISHING.

I wish I were the fly that roams
Around yonder wall,
For he can ride a bicycle
And not fall off at all.

I wish I were the bird that swings
Her nest in the cool green
Of yonder tree, high in the air.
Her house is always clean.

But most I envy the old wall,
So dingy and so dim,
For I adore the poster girl,
And she is stuck on him.

DOUBLE ROYAL WEDDING.

Ceremony Followed by the Most Unique Feast of Modern Times.

Max von Binzer, who served as "a page at the Berlin court" upon the occasion of the double royal wedding in 1877, graphically describes the ceremony and attendant festivities in The Ladies' Home Journal. "At 11 o'clock on the morning of the 18th of February, 1877," he writes, "the day of the wedding, we found ourselves posted again in an escalier down the White hall. As the royal procession entered the chapel adjoining a magnificent choral psalm. The illustrious group ranged themselves before the altar, and Dr. Kugel, court chaplain, began the impressive ceremony. As the wedding rings were exchanged heavy artillery boomed forth the king's salute of 101 guns. The royal families exchanged congratulations, and the cortege returned again to the White hall for a short reception, and at 5 o'clock we were summoned again for the great wedding banquet. Unquestionably this banquet was the most unique of modern times.

"Covers for 100 persons were laid on tables arranged in the form of a horseshoe in the Hall of Knights. None but those of princely blood was to sit at these tables. The most noble and distinguished vassals of the emperor were to serve their royal master and his guests. The Count von W— and myself were detailed to Leopold, king of Belgium. However, we were but links in a chain of notables along which the viands were passed to his majesty. Next the king and immediately back of his chair stood the commander of an entire army corps; next in the rear stood a court chamberlain, to whom we handed the various dishes. He in turn passed them to the general, who personally served King Leopold. The emperor, William I, was served by the most powerful nobles of the empire. Count von Stolberg-Wernigerode, grand master of the hunt, carved the game; Prince von Pless, the grand cup bearer, filled his imperial majesty's crystal goblet with the rarest wines of the 'Vaterland.' But, curiously enough, none of the recipients of this remarkable homage seemed at ease, with the exception of H. R. H. the Prince of Wales, who was evidently much interested in the Grand Duchess of Baden, the lady on his right. They alone talked and laughed in an unconstrained manner. The wedding ball followed this remarkable banquet."

The Millionaire's Eagle Eye.

Another story illustrative of the daily life of a Chicago millionaire may help to explain why some people have more money than others.

This millionaire invited a visitor from another city to meet him at a certain hour and accompany him to the stockyards, where he has large interests. The millionaire rode up in a sideboard buggy somewhat the worse for mud and wear, drawn by a shaggy but active horse. He explained that before starting for the yards he would have to go to one of the large banks down town, as he was on the board which regulated loans, and he had to pass on an application for a loan of \$500,000.

They stopped in front of the bank, and the rich man hurried in and remained several minutes. He came out on a run, and they started rattledly bang for the stockyards and Packingtown.

When they arrived and were entering the packing house, they saw an old man sorting out into barrels a heap of bones and fatty remnants. The bones were trimmed and put into one barrel and the flesh and fat into another barrel. The millionaire owner of the place walked over to the workman and began asking questions. Then he drew off his coat, rolled back his shirt sleeves to the shoulder and began rummaging among the bones. He found several which had not been properly stripped, and the workman received a scolding which he will remember all his life.

The stripping of those bones was just as important as the loaning of \$500,000.—Chicago Record.

A Close Resemblance.

"There are some points about your writings that much resemble Shakespeare," said the editor.

"Do you think so?" cried the delighted author, who had brought his contribution in with his own hand.

"Yes," the editor continued, "you employ almost the same punctuation marks."—Rockland Tribune.

A COMMERCIAL EVENT

Meeting of the International Conference at Philadelphia.

PRESIDENT MCKINLEY'S SPEAKS

Mexico and all the Central and South American Republics Represented—Ovation to the President's Wife—Banquet Given at Which Fifteen Hundred People Were Seated.

PHILADELPHIA, June 3.—The international commercial conference, which had its inception in the Philadelphia Commercial museum, under the auspices of which institution the conference is held, was formally opened late yesterday at the Academy of Music with an address by President McKinley. On the spacious stage of the academy sat the delegates to the conference, members of President McKinley's cabinet and quite a number of ministers and other representatives of foreign countries. Of the delegates themselves about 50 were representatives of foreign commercial bodies, principally of Mexico and Central and South America. The large auditorium of the Academy, to which admission was had by card, was filled with interested auditors. In addition to the foreign delegates to the conference there were also representatives present from commercial and trade organizations of almost every city of importance in the United States.

Mayor Warwick extended a cordial welcome to the delegates and to the distinguished officials of this and other countries who honored the occasion with their presence. He closed by introducing President McKinley, who, when he stepped forward on the platform, was given a tremendous ovation. When quiet had been restored the president said in part:

To have assembled the representatives of great commercial and industrial interests at home and abroad in such large numbers is so unprecedented as to make this a most memorable event. Every one of the sister republics of this republic is here represented, through its special minister, and in a number of instances large delegations of prominent citizens have made long journeys at great personal sacrifice to participate in this significant occasion. To all we give a hearty welcome. No ordinary object could have produced such an industrial convention.

The avowed aim of the Philadelphia museum is to aid in the development of commercial and industrial prosperity. No wiser cause can engage our energies at this hour. It is a most praiseworthy purpose—the extension of trade, to be followed by wider and better fields of employment and easier conditions for the masses. Such an effort commands the instant approval of all lovers of mankind, for with it is linked the prosperity of the humblest trader and the welfare of every home and fire-side.

A pretty incident followed the president's speech. As he concluded Mayor Warwick stepped forward and introduced to the audience "The leading lady of the land who had, with the president, favored Philadelphia with her presence."

Mrs. McKinley with a few ladies was seated in a private box at the side of the stage and as the mayor finished, the semblance of recognition arose to their feet, the men cheering and the ladies saluting by waving their handkerchiefs and clapping their hands. Mrs. McKinley remaining seated, graciously bowed her acknowledgments of the unexpected compliment.

THE BANQUET.

Nearly Fifteen Hundred Persons Seated at the Table.
PHILADELPHIA, June 3.—The commercial leaders of the western hemisphere assembled in the great exchange room of the bourse last night at what was probably the most notable banquet ever given on this continent.

The banquet was notable, not only in point of numbers, nearly 1,500 persons participating, but in the distinction of the chief guests. President McKinley was there and he spoke to the assembly. Seated also at the table of honor were Secretary of Agriculture Wilson; Attorney General McKenna; Congressman Dingley, Daboll, Grosvenor, Heatwood and Tawney; the ministers from Mexico, Brazil, Chile, Argentina, Venezuela and other South American governments; the Chinese minister and a number of other eminent officials from the capital.

The hall in which the dinner was held covers an entire block in area. It was gorgeously with light and color. Encompassed in a compartment formed by walls of flags at one end of the hall was the Marine band, under Director Fancini, which alternated with the German orchestra, stationed at the other end.

It was late when the speechmaking began. Governor Hastings opened the list by responding to "A Welcome from Pennsylvania." Theodore C. Lorch followed with "Our Manufacturing Industries," the Brazilian minister spoke and ex-Secretary Olney then responded on "International Law."

TERRIBLE FATE.

Farmer Murdered and His Body Thrown Into a Burning Strawstack.
STERLING, Ills., June 3.—Robbed, murdered and cremated. That tells the awful fate of George Kauffman. He stood guard over his father's granary to protect it from thieves, who killed him at his post and sought to wipe out the evidence of their cruelty with fire. All there remains of him is a corpse, with its throat cut, its skull crushed and its head bulged, a charred lump of flesh. After killing him they threw the body into a burning strawstack. No clue to the perpetrator.

HON. JOHN W. FOSTER

President McKinley May Select Him For the Spanish Mission.

WOULDBE ACCEPTABLE TO SPAIN

His Former Diplomatic Experience Said to Peculiarly Fit Him for the Delicate Mission—Renewing a Treaty—Progress Made by the Senate on the Tariff Bill. Other Washington News.

WASHINGTON, June 3.—John W. Foster may be the new minister to Spain. The president is impressed with his special fitness for the most important diplomatic affair this administration has before it. He is strongly inclined to believe Mr. Foster is the best man he can get. The consideration has reached the stage that the president has instituted inquiries as to Mr. Foster's past relations with the Spanish government. He has found that those relations have been most friendly. The president's inquiries satisfy him that Mr. Foster would be most acceptable to Spain and that, in opening negotiations to carry out the Cuban policy of the administration, he would occupy a highly advantageous position.

Mr. Foster ranks today as the foremost diplomat of the United States. He was minister to Spain in the Arthur administration. When he returned to this country he represented foreign governments as legal adviser in important cases. President Harrison made him his secretary of state upon the retirement of Mr. Blaine. Subsequently Mr. Foster was chosen one of the commissioners to adjust relations between China and Japan. At the present time he is in Great Britain as the commissioner of the United States in the far east controversy. Among the governments he has served as a legal adviser is Spain. There is no other name which would carry such weight abroad in the negotiations with Spain.

MODERN WOODMEN.

Officers Indorsed and Nearly Every One Re-Elected—Salaries.
DURHAM, June 3.—The session of the national convention of Modern Woodmen yesterday was most important. The election of officers was an endorsement of the administration, nearly every one being re-elected. The headquarters were ordered removed to Rock Island and the next head camp was voted to Kansas City. Charges of misappropriation of funds, mismanagement, etc., against the head officers fell flat, not so much as being considered by the convention. Many changes were made in the laws of the order of importance to members. Resolutions were read and referred to establish a printing office for the order; requiring officers to have a union label on all printed matter; protesting against annulling the certificates of persons in the employ of liquor establishments receiving a weekly stipend. Salaries were fixed the same as last term except that the head banker was increased to \$2,500. Kansas City was selected as the next place of meeting.

BURIED HIS MONEY.

James Webster, Worth \$50,000, Likely to Die in the Poorhouse.
ELDORA, Ia., June 3.—Though worth \$50,000, James Webster, a farmer living four miles from here, will likely die in the county poorhouse. When the panic of 1893 came Webster turned his property into \$50,000 in coin and buried it in casks upon a farm which he still held as tenant. Three months ago his mind failed, and although he seems to have some recollection of having buried his money, he cannot remember the hiding places. He is now a charge upon the county, having no relatives upon whom he can depend for support.

HARRISON'S SOLDIERS.

Unearthing of Men Who Fought in the War of 1812.
UPPER SANDS, N. J., June 3.—Parties have been unearthing the remains of General Harrison's soldiers of the war of 1812 in Courthouse park, where stood the old courthouse. It seems that the place was made a regular burying ground for soldiers that died at Harrison's fort, which stood about 900 feet away. Most of the remains were in rude coffins and lay in rows northwest and southeast. Seven skeletons have been exhumed and the park seems to be full of them.

agreed to make a favorable report for a convention between this country and Chili for the revival of the treaty of 1893 for the adjustment of claims against each of the two governments by citizens of the other. The original treaty established a commission for the purpose specified, whose existence was limited to six months. The time expired while certain claims were still under consideration. The present agreement revives the treaty for four months in order to permit the conclusion of the work then undertaken, but it does not permit the consideration of new claims.

Eleven Persons Were Drowned.
WASHINGTON, June 3.—Captain Shoemaker, chief of the revenue cutter service, has received from Captain Phillips, commanding the cutter Perry, a report giving the details of the finding of the derelict American schooner, General Siglin. This report seems clearly to indicate that the 11 persons on the Siglin were lost in the storm which wrecked the vessel.

MURDERER DURRANT.

His Appeals to the Federal Courts For Liberty Fails.
SAN FRANCISCO, June 3.—Murderer Durrant's first effort for freedom in appealing to the federal courts has failed, United States Circuit Judge Gilbert having refused yesterday to issue the writ of habeas corpus for which his attorneys applied. Notice of the intention to appeal to the United States supreme court has been filed and today application for leave to appeal will be made formally. This, however, may be refused, as in the Butler case, although Durrant's attorneys are confident that the leave will be given.

Husband and Wife Run Down by a Train—Former Killed.
MARION, Ky., June 3.—Mr. and Mrs. G. T. The accident, it is thought, was due to the fact that the old couple, being deaf, did not hear the train approaching.

BIRMINGHAM, Ala., June 3.—The official average temperature yesterday was 82 degrees. The temperature for morning, noon and evening was: 8 a. m., 80; noon, 91; 7 p. m., 86. The heat was so intense that the Birmingham rollingmills were forced to shut down last night.

DAUNTLESS CREW.

KEY WEST, Fla., June 3.—The 35 men found on the Dauntless were arraigned yesterday before United States Commissioner Otto, Colonel Nunez, their spokesman, pleaded not guilty and the case was postponed until June 9. Each person is held under a bond of \$100 furnished by Carlos Recio.

UNITED BRETHREN.

Four New Official Districts Recommended. Central College.
DUBLIN, Ind., June 3.—At the sessions of the United Brethren general conference yesterday the committee on superintendency recommended four official districts, one on the Pacific coast and three this side of the Rocky mountains, each bishop to confine himself to his own district. The committee on revision of discipline reported four pastors being required to exclude members of secret societies from church membership. The committee on education reported in favor of giving all the support of the general body to Central college at Huntington, Ind., and opening a theological department soon. This was referred back to the committee.

LUTHERAN REUNION.

SPRINGFIELD, O., June 3.—The second annual reunion of the Lutherans of Ohio, Indiana, Kentucky and Michigan was held here yesterday at Wittenberg college. Several hundred visitors were present. Exercises opened with a prayer by Rev. D. L. McKenzie of Indianapolis after which Rev. M. W. Hanna of Altoona, Pa., was introduced, as chairman of the day. An address of welcome was made by President Ort of Wittenberg.

THE KISS OF DEATH.

Consumption is abroad in the land and death may lurk in a kiss. Of course it is absurd to suppose that as long as love rules the world, people will stop kissing. That leaves only one protection against consumption, and that is a healthy body. It is the peril that attends matrimony. No woman can safely become a mother who suffers from weakness or ill health of the delicate organs that bear the burdens of child-bearing. Dr. Pierce's Favorite Prescription robs maternity of its unnatural terrors. It makes a woman strong and vigorous where she most needs strength and vigor. It banishes the annoyances of the period of anticipation and makes the little stranger's advent easy and almost painless. Good druggists sell both the "Golden Medical Discovery" and the "Favorite Prescription" and will not try to substitute inferior preparations.

Dr. Pierce's Favorite Prescription robs maternity of its unnatural terrors. It makes a woman strong and vigorous where she most needs strength and vigor. It banishes the annoyances of the period of anticipation and makes the little stranger's advent easy and almost painless. Good druggists sell both the "Golden Medical Discovery" and the "Favorite Prescription" and will not try to substitute inferior preparations.

THE KISS OF DEATH.

Consumption is abroad in the land and death may lurk in a kiss. Of course it is absurd to suppose that as long as love rules the world, people will stop kissing. That leaves only one protection against consumption, and that is a healthy body. It is the peril that attends matrimony. No woman can safely become a mother who suffers from weakness or ill health of the delicate organs that bear the burdens of child-bearing. CABINET CRISIS.

Spanish Ministers Tender Their Resignation to the Queen Regent.
MADRID, June 3.—The premier, Senor Canovas del Castillo, has tendered to the queen regent the resignation of the cabinet, owing to the difficulty the ministers experience in carrying on the government, in view of the parliamentary situation caused by the refusal of the Liberals to take part in the deliberations of the cortes. This attitude of the Liberals is due to the personal encounter between the Duke of Tetuan, the minister for foreign affairs, and Professor Comas, a Liberal senator, on May 21, when the duke slapped the face of the senator after a heated debate on the Morgan belligerence resolution adopted by the United States senate. The queen accepted the resignations.

EFFECTS OF THE EARTHQUAKE.

Angel Mountain Badly Cracked—People Moving Away.
ROANOK, Va., June 3.—The effect of the recent earthquake has been very demoralizing on the people of Giles county, many of whom are preparing to make their homes elsewhere. Angel mountain is said to be badly cracked and nearly all the water has been drained out of Mountain lake. It is also said that the saltwells at Saltville, Smyth county, have dried up.

STREETCAR COLLIDES WITH AN ENGINE.

MUNCIE, Ind., June 3.—Last night the streetcar from Congerville, a suburb, collided with a switch engine at the crossing of the Fort Wayne, Cincinnati and Louisville railroad. The car was struck in the front and turned around. C. E. Reese of Canal Dover, O., jumped and received a deep cut on the forehead. Two women remained in the car and were uninjured. The motorman was slightly hurt.

DISTILLERS' INSURANCE COMPANY.

LOUISVILLE, June 3.—The distillers of Kentucky are very confident that they will have their own insurance company. The great difficulty that has confronted the project has been a constitutional clause prohibiting a charter. A subscription paper has been circulated among the distillers asking for contributions of \$25 to defray expenses of a legal investigation. They believe the obstacle can be overcome.

Dr. Miles' Nervine Victorious.

Physical and Mental Exhaustion Gives Way to Vigorous Activity.

REV. W. T. HOUCK, the talented pastor of Grace U. B. church, Carlisle, Penn., writes September 28, 1895: "I always enjoyed good health until in 1892, at which time my duties as a clergyman were of a peculiarly trying nature, subjecting me to several severe nervous shocks which together with overwork and anxiety, impaired my general health and nervous system. Indeed I was in such a condition that the mere sight of a large congregation so wearied me that it would require a day or more for me to recover from the exhaustion. It affords me great pleasure to say that Dr. Miles' Restorative Nervine and Restorative Tonic have done me untold good. I preached three times yesterday and I feel as fresh and vigorous this Monday morning as I ever felt in my life, thanks to your remedies. Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nervousness free to all applicants. DR. OFFICIAL PAPER OF SEYMOUR.

JAY C. SMITH, } Editors and Publishers.

THURSDAY, MAY 3, 1897.

TERMS OF SUBSCRIPTION.

One Year in Advance.....\$1.00

Entered at the Seymour, Indiana, Postoffice as Second-class Matter.

WEYLER telegraphs that Cuba has been pacified, but at the same time he asks for more money to carry on the war.

A beet sugar company has been organized in Colorado which will embark in the business on a larger scale than ever attempted. A few such companies will soon put beet sugar culture on a permanent basis.

It seems evident that the plan of the administration at Washington is to press to a completion the work on the tariff before taking up other matters. The people will approve the policy that will give us settled conditions for business at the very earliest opportunity.

HARMONY seems to be an unknown word among the democrats of Kentucky in their convention at Frankfort. The silver men insist that no man is a democrat who did not swallow Bryan and his free silverism in the last campaign, even though he can show a record of many years faithful service in the party ranks.

It looks like prosperity had struck Kansas pretty hard if we rely on the statement of a paper published at McPherson in that state. It says: Real estate agents report a large number of sales for cash in full and people going on to their places without a dollar's indebtedness, and other sales in which so much of the purchase price is paid down that no danger of foreclosure is anticipated. The register of deeds reports that there are two releases to one new mortgage and that the ratio of mortgages is becoming less. The clerk of the district court says that the day of foreclosure on property is about over, and farm owners are rapidly getting out of debt.

The withdrawal of Marcus R. Sulzer from the race for the republican congressional nomination leaves the field for a new candidate. There are several men who are talked of to make the contest. Among these are Rev. Charles Lee, of Vevay, W. H. Cabb, of Aurora W. W. Lampert, of Columbus, Judge Friendly, of Madison, George Roberts, of Lawrenceburg, Doreld McCallum, of Batesville, and Z. T. Sweeney, of Columbus. There will probably be others soon as the date for the nomination is fixed.

Salt for Commission.

On Tuesday in the Bartholomew circuit court at Columbus, the suit of C. A. Saltmarsh against John Hand and Sarah E. Hand of Jonesville, for \$200 commission on the sale of a farm in Jennings county was tried. Yesterday the case was arraigned before the jury and a verdict of \$100 rendered in favor of the plaintiff. Eleven of the jurors were in favor of the full \$200, but the one juror held the jury five hours. This juror had been objected to and set aside by the plaintiff's counsel, Judge Marshall Hacker, in an election bribery case which was tried next preceding that of Mr. Saltmarsh.

The band street concert has been changed from Saturday night to Thursday night. Their music will be heard this evening.

AN UNKNOWN MAN.

HIS MANGLED REMAINS FOUND ON THEB. & O. S. W. TRACK.

An L. & N. Switch Key Found in His Pocket—Nothing to Identify Him.

About daybreak this morning as Frank Day, the engineer on the section of No. 51, was about a mile east of the city he discovered in the early gray dawn the body of a man lying on the railroad track just ahead of his engine. Before he could stop, his train struck the body and passed over it, mangleing it horribly. The remains were brought to the city and cared for at Husted's morgue, awaiting the coroner's inquest.

There were no papers nor anything in the pockets or about the clothing to establish the man's identity. The only thing in his pockets was an L. & N. switch key which leads some to suppose that he was a railroad man.

How he was killed is a mystery. Some suppose that he may have been killed by No. 6 which went east about a half hour before his body was discovered on the track.

Is it "overwork" that has filled this country with nervous dyspeptics—that takes the flesh off their bones, the vitality from their blood, and makes them feeble, emaciated and inefficient? No. It is bad cooking, overeating of indigestible stuff, and other health destroying habits.

The remedy is an artificially digested food such as the Shaker Digestive Cordial. Instead of irritating the already inflamed stomach the Cordial gives it a change to rest by nourishing the system itself and digesting other food taken with it. So flesh and strength return. Is not the idea rational? The Cordial is palatable and relieves immediately. No money risked to decide on its value. A 10 cent trial bottle does that.

Laxol is the best medicine for children. Doctors recommend it in place of castor oil.

FARMERS' INSTITUTE.

This Year's Session May Be Held in Seymour.

D. M. Lett, of Crothersville, is in the city in the interest of the farmers' institute to be held next December. The institute which has always been at Brownstown may be held in Seymour this year. What they ask is that a hall be furnished in which to hold the meetings. Two prominent speakers on agricultural subjects will be present. Local talent will supply the other parts of the program. The meeting properly advertised would bring a large number of farmers to the city from all parts of the county.

Christian Church Revival.

Subject for this evening: "Our need of a Saviour." All are cordially invited.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggist, 75c.

Bishop White made a strong appeal for more loyalty on behalf of parishes in meeting their obligations to the church. The bishop's salary was continued at \$3,000, with \$500 for contingent expenses. FOURTEEN BALLOTS NECESSARY TO DECIDE THE STRUGGLE.

Full Report of the Democrat Convention at Columbus To-Day.

GRIFFITHS NOMINATED.

SPECIAL TO THE REPUBLICAN.
COLUMBUS, June 3 (3:48 p. m.) F. M. Griffiths is nominated on the fourteen ballot.

PRELIMINARY OBSERVATIONS.

Candidates, Delegates and Pushers at Columbus to Make a Congressional Candidate.

SPECIAL TO THE REPUBLICAN.

COLUMBUS, Ind., June 3 (8:30 a. m.)—The preliminary skirmishes of the democratic congressional convention are indeed interesting to on observer. Several of the delegations came in last night, and the remainder will be in on the morning trains. The people of Columbus are doing their part handsomely by the visitors and were about the lobby of the Belvedere hotel last night in large numbers.

Tae candidates who have opened headquarters at the Belvedere are James Applewhite, of Jackson county, Dr. K. D. Hawley, of Bartholomew, Nicholas Cornett, of Ripley, ex-Senator F. M. Griffith, of Switzerland, and Anderson Percelfield, of Brown. John Overmyer is at the convention headquarters last night but was not mingling among the delegates very much, nor was he very communicative. He went to his room early closed the door with a few friends with whom it is supposed he confided his hope of capturing the convention if an opportunity should be offered. Allen W. Clark and Cortez Ewing were conspicuous in the lobby. Both would like to be congressmen. Jason Brown has been here since yesterday morning and is right in the push.

All yesterday afternoon and evening there was contention about the temporary organization. The friends of the several candidates were suspicious of each other. They were afraid the temporary organization might be used to the advantage of some one and to the disadvantage of all others. Seems queer that democrats should so mistrust their brethren.

It is quite evident that F. M. Griffith, of Vevay, will go into the convention with decidedly the largest following, but it is not settled this forenoon that he can control enough delegates to land the nomination. Strong efforts were made last night to combine the field against him.

Not all the delegates are Simon pure democrats. One delegate from Jennings county who came in last night stepped into Mr. Percelfield's headquarters and shook hands with the Brown county statesman who remarked: "You are a delegate from Jennings, I believe?"

"Yes sir," said the delegate. "I believe you have no candidate since Mr. Overmyer's withdrawal."

"No," he said, "we have no candidate now."

"Well, that being true, I should like to have your support. How about it?" "That depends. You see I am a populist, and prefer to vote for a populist candidate."

Mr. Percelfield then began talking to him in a lower tone telling him how like a populist he was and how he would prove himself if sent to congress.

CONVENTION ORGANIZED.

Bryan Not Mentioned by the Chairman in His Speech.

SPECIAL TO THE REPUBLICAN.

COLUMBUS, June 3, (1:05 p. m.)—The democratic delegates met in Crump's theatre this morning. The convention was called to order at 11 o'clock by chairman Joel H. Matlock. Judge Francis T. Hord, of Columbus, was made temporary chairman and John F. Russell, of Greensburg, temporary secretary. On motion the temporary officers were made permanent officers of the convention.

On taking the chair Judge Hord spoke for ten minutes on free silver and tariff for revenue only, but he made no mention whatever of Bryan, the supposed idol of the free silverites.

The chairmen of the delegations then reported the members of committees:

RESOLUTIONS AND NOMINATIONS.

SPECIAL TO THE REPUBLICAN.

COLUMBUS, June 3, (2:30 p. m.)—Resolutions have been adopted by the convention declaring two things: 1. Favoring the free and unlimited coinage of silver. 2. Against a protective tariff. The resolutions made no mention of Hon. W. S. Holman, but that will be reported later.

Nominations were made. Hawley, of Bartholomew, put in nomination by J. F. Cox. Percelfield, of Brown, nominated by a farmer, W. A. Williams. Applewhite, of Jackson, nominated by Hon. Jason B. Brown in an eloquent and characteristic speech. Cornett, of Ripley, named by Robert A. Creigmile Griffith, of Switzerland, named by J. P. Carter. Greatest demonstration follows the announcement of Griffith's name.

SULZER NOT A CANDIDATE.

Writes a Letter to Chairman McNutt Withdrawing from the Race.

MADISON, Ind., June 3.—Hon. Marcus A. Sulzer published a letter last night withdrawing from the race for the republican congressional nomination in the Fourth district. He says that he is dependent upon his profession for a livelihood and does not feel that he can make the personal sacrifice at this time.

The following is his letter in withdrawing from the race:

"MADISON, Ind., June 2, 1897.
"Thomas McNutt, Esq., Chairman Republican Committee Jefferson county:

"Dear Sir:—I desire, through you, to inform the members of the district committee of the Fourth congressional district of Indiana, that I am not a candidate for the republican congressional nomination. In doing so I want to thank them and all my friends through out the district for the splendid support given me last November, when through their efforts the united force of democracy and populism were required to encompass my defeat in a district, which, theretofore, had been largely democratic. I have hesitated in making this declaration, as I have been urged by hosts of republicans and democrats to make the race, and Messrs. Montgomery, Lambert and others, who have been mentioned for the position, have very kindly tendered me their support for the nomination, but I am dependent upon my profession for a livelihood, and my law practice is such that it requires my time and attention. I, therefore, feel that the personal sacrifice would be too great for me to make the race at the present time.

"There is no reason why the splendid organization we had last year should not again exert its power in the special election, and the same force and effort can bring success. Yours truly,
M. R. SULZER."

A California fruit and vegetable company has adopted a method of drying potatoes by which it is claimed California growers will be able to come in'o successful competition with growers on this side of the Mississippi. By the new process four-fifths of the weight is evaporated, while it is claimed that none of the nutritive properties and excellent flavor are lost. The company now has ready about one million pounds of the dried product ready for shipment.

The Daily AND Weekly REPUBLICAN

Have no Equal for Advertising in Seymour or Jackson County.

John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes it incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

Read! Read! Read!

REASONS why you should read the Cincinnati Daily TIMES-STAR:

- It has the latest and most reliable foreign as well as domestic news.
- It has better financial and market reports and more special correspondents than any other Cincinnati newspaper.
- It contains twice as much news as any other paper sold at the same price.
- It is a family paper, and has the largest home circulation of any paper printed in the Ohio Valley.

In June, 1894, Mr. Evans, then sales man for the Wheeling Drug Co., recommended Chamberlain's Pain Balm. At this time my foot and limb were swollen to more than double their normal size and it seemed to me my leg would burst, but soon after I began using the Pain Balm the swelling began to decrease, the pain to leave, and now I consider that I am entirely cured. NEW ENTRANCE TO NEW YORK.

Passengers via Pennsylvania Lines Now Have Choice of Three.

All are convenient locations: Cortlandt street and Debbrosses street, in the downtown district, and Twenty-third street in the uptown district. The latter entrance will be formally opened May 16th, when two new and commodious ferriesboats, double deckers, constructed especially for the Pennsylvania lines and furnished and finished in up-to-date style, will be placed in service between the Jersey City station and the Twenty-third street, connecting with all inbound and outbound trains over the Pennsylvania system, the same as the boats running between that station and Cortlandt street and Debbrosses street, which will also be continued in daily service.

The Pennsylvania Lines' three entrances into New York enable passengers to quickly reach the business portion of the lower end of the city, as well as the hotels and the business blocks in the very heart of the great metropolis. The ride across the river is a delightful and refreshing termination to an enjoyable trip. All through trains from the west, over the Pennsylvania Lines, land passengers in New York between 8:30 a. m. and 9:40 p. m. treating them to a grand view of the city's water front; its extensive docks where at almost any time may be seen ships of many nations. The wonderful panorama gives visitors a slight idea of the magnitude of New York. The new Twenty-third street ferry line is particularly noteworthy in this respect.

DOUBLE ROYAL WEDDING.

Ceremony Followed by the Most Unique Feast of Modern Times.

Max von Binzer, who served as "a page at the Berlin court" upon the occasion of the double royal wedding in 1877, graphically describes the ceremony and attendant festivities in The Ladies' Home Journal. "At 11 o'clock on the morning of the 18th of February, 1877," he writes, "the day of the wedding, we found ourselves posted again en escalier down the White hall. As the royal procession entered the chapel adjoining a magnificent chorus intoned one of Mendelssohn's superb psalms. The illustrious group ranged themselves before the altar, and Dr. Kegel, court chaplain, began the impressive ceremony. As the wedding rings were exchanged heavy artillery boomed forth the king's salute of 101 guns. The royal families exchanged congratulations, and the cortege returned again to the White hall for a short reception, and at 5 o'clock we were summoned again for the great wedding banquet. Unquestionably this banquet was the most unique of modern times.

"Covers for 100 persons were laid on tables arranged in the form of a horseshoe in the Hall of Knights. None but those of princely blood was to sit at these tables. The most noble and distinguished vassals of the emperor were to serve their royal master and his guests. The Count von W— and myself were detailed to Leopold, king of Belgium. However, we were but links in a chain of notables along which the viands were passed to his majesty. Next the king and immediately back of his chair stood the commander of an entire army corps; next in the rear stood a court chamberlain, to whom we handed the various dishes. He in turn passed them to the general, who personally served King Leopold. The emperor, William I, was served by the most powerful nobles of the empire. Count von Stolberg-Wernigerode, grand master of the hunt, carried the game; Prince von Pless, the grand cup bearer, filled his imperial majesty's crystal goblet with the rarest wines of the 'Vaterland.' But, curiously enough, none of the recipients of this remarkable homage seemed at ease, with the exception of H. R. H. the Prince of Wales, who was evidently much interested in the Grand Duchess of Baden, the lady on his right. They alone talked and laughed in an unconstrained manner. The wedding ball followed this remarkable banquet."

The Millionaire's Eagle Eye.

Another story illustrative of the daily life of a Chicago millionaire may help to explain why some people have more money than others.

This millionaire invited a visitor from another city to meet him at a certain hour and accompany him to the stockyards, where he has large interests.

The millionaire rode up in a sidehack buggy somewhat the worse for mud and wear, drawn by a shaggy but active horse. He explained that before starting for the yards he would have to go to one of the large banks down town, as he was on the board which regulated loans and he had to pass on an application for a loan of \$500,000.

They rode in front of the bank, and the rich man hurried in and remained several minutes. He came out on a run, and they started rattled bang for the stockyards and Packingtown.

When they arrived and were entering the packing house, they saw an old man sorting out into barrels a heap of bones and fatty remnants. The bones were trimmed and put into one barrel and the flesh and fat into another barrel. The millionaire owner of the place walked over to the workman and began asking questions. Then he drew off his coat, rolled back his shirt sleeves to the shoulder and began rummaging among the bones. He found several which had not been properly stripped, and the workman received a scolding which he will remember all his life.

The stripping of these bones was just as important as the loaning of \$500,000.—Chicago Record.

"There are some points about your writings that much resemble Shakspeare," said the editor.

"Do you think so?" cried the delighted author, who had brought his contribution in with his own hand.

"Yes," the editor continued, "you employ almost the same punctuation marks." —Rockland Tribune.
